We'd love to celebrate your success.

Please tag us on Instagram throughout the day.

@Unibuiltenvironment

Congratulations

On behalf of the University of the Built Environment Board of Trustees, it is my pleasure to congratulate each and every one of you on your incredible achievement. Today, we celebrate your hard work and dedication with your families and supporters as you embark on the next chapter of your journey.

With your new globally recognised qualification, you take the next step into an industry with unprecedented opportunities. Your time with the University has prepared you to make a meaningful impact on the world. You are the next generation of built environment professionals – the designers, planners, builders and innovators - who will shape the spaces and communities around us for the better. This is vitally important work, and we are pleased to have helped prepare you for the challenge.

You are also now lifelong ambassadors for this institution. We are proud to count you amongst our alumni and will look forward to hearing about and being inspired by the work you go on to achieve in your careers.

We wish you the very best for the future and we look forward to celebrating with you all on this very special day.

Once again, many congratulations.

Chair of the Board

Ros Kerslake CBE BA (Hons) MBA

Welcome

Professor Ashley Wheaton

Vice Chancellor

Welcome to Reading Town Hall for today's Graduation ceremony, a celebration of your hard work, determination, and success.

My warmest congratulations on completing your studies. You join a distinguished line of graduates from this institution – now proudly known as University of the Built Environment – and become part of a global alumni community more than 150,000 strong.

The need for skilled and forward-thinking professionals in the built environment has never been greater. How we live and work in our world is now shaped by climate pressures, urban growth, technological innovation, and a renewed focus on sustainable communities. Meeting these challenges demands individuals who can lead with insight, creativity, and integrity.

Your qualification means you now have the knowledge and confidence to make a real difference, helping to create environments where people and places can thrive together.

On behalf of everyone at the University, I wish you every success as you embark on the next stage of your journey.

Jane Fawkes

Deputy Vice Chancellor and University Secretary

My sincere congratulations to each and every one of you graduating today.

This day marks a significant milestone as it is the culmination of years of commitment, focus, and resilience. Many of you have balanced study alongside careers and personal responsibilities, showing remarkable dedication to reach this moment.

At University of the Built Environment, we are immensely proud of your achievements. Your success reflects not only personal effort but also the values of our community – professionalism, innovation, and a passion to creating a better built environment.

We hope you will stay connected through our Alumni Association - a vibrant community of professionals across real estate, construction, and sustainability. We look forward to staying in touch and seeing where your built environment journey takes you.

Take pride in all you have accomplished and celebrate with those who have supported you along the way, and enjoy your day.

Guest speakers

Clare Johnson OBE

Regional Market Director - Central UK region, Royal Institution of Chartered Surveyors (RICS)

Clare Johnson is the UK Regional Market Director for the Central region at the Royal Institution of Chartered Surveyors (RICS), leading regional engagement, member support and market insight across the built and natural environment. She collaborates with professionals, employers, educators and public sector partners to strengthen trust in the profession and ensure it continues to respond to changing societal, economic and environmental needs.

Before joining RICS, Clare built a public-sector strong career, including senior roles at the Valuation Office Agency (VOA). Her background has given her a deep understanding of valuation, professional standards, and the vital role surveyors play in supporting fair taxation, sustainable development and resilient public services.

Clare is committed to attracting a more diverse and representative talent pool into surveying, championing inclusive entry routes, lifelong learning and social mobility. She works with education providers and employers to widen access beyond traditional pathways, with a strong focus on early career engagement to ensure talented people from all backgrounds view surveying as accessible, relevant, and rewarding.

Dr Wei Yang OBE FAcSS FRTPI Hon FRIBA

CEO, Digital Task Force for Planning, and Chair, Wei Yang & Partners

Dr Wei Yang OBE is an internationally renowned town planner and urban designer, championing a place-based, whole-systems approach to addressing today's global challenges. She is Co Founder and CEO of the Digital Task Force for Planning, the world's first innovation-led social enterprise driving the digital transformation of spatial planning, and Chair of Wei Yang & Partners, an award winning London-based masterplanning practice.

A strong advocate of joined-up thinking across professions, Wei served as Chair of the Construction Industry Council from 2023 to 2025 and as President of the Royal Town Planning Institute (RTPI) in 2021. She is a Fellow of the Academy of Social Sciences, an Honorary Fellow of the Royal Institute of British Architects (RIBA), and an Honorary Professor at University College London.

Wei holds several board-level and advisory roles, including Board Member of the British Library and Chair of its Capital Portfolio Committee, and Global Planners Network representative to the UN Habitat Professionals Forum.

In recognition of her contributions to town planning, she was awarded an OBE in the 2025 New Year Honours.

Richard Kauntze BSc (Hons)

Former Chief Executive, British Council for Offices (BCO) (1999-2025)

Having graduated in Government, Politics and Modern History, Richard Kauntze entered the property world in 1988 following his appointment as Parliamentary Officer at the Royal Institution of Chartered Surveyors (RICS). In 1993 he moved to the British Property Federation (BPF) as Director of Policy, later promoted to Deputy Director-General.

In November 1999, Richard took up the new post of Chief Executive at the British Council for Offices (BCO) where he remained until his retirement from the BCO, after over 25 years in post, in June 2025.

In recognition of his contribution to the work of the BCO for over a quarter of a century, in January 2025 he was presented with the BCO President's Lifetime Achievement Award.

Mace and Crest

The Mace

The wood, silver and gold mace was created to mark the independence of the University. It was donated by the Harold Samuel Educational Trust in recognition of its longstanding relationship with our institution. It will be used to lead the academic procession into the ceremony hall and then displayed on stage.

The centrepiece of the mace features the University Coat of Arms.

The mace is topped by a globe and hands depicting the student and alumni worldwide community, as the institution continues to fulfil its vision to be the centre of excellence for built environment education.

We would like to thank Caltha Stevenson-Hanns, Catherine Young, Eliza White for carrying the mace at this year's graduation ceremonies.

Ceremonial Chair's badge

It has long been a tradition for departing Chairs of the Board to present the institution with a gift at the end of their tenure. Amanda Clack served as Trustee of the University from 2018 and as Chair from 2020 to early 2025. During her time, she played a key role as Chair in supporting the vision to become the Centre of Excellence for Built Environment Education.

Amanda was Chair when the Board voted for a resolution to apply to the Office for Students for University Title in 2024 and had only just stepped down when this was successfully awarded in 2025, marking the momentous transition to University of the Built Environment. As her parting gift to the institution, Amanda will be presenting to us a bespoke new ceremonial Chair's badge during the morning ceremony on Friday 3 July 2026.

Specially designed and commissioned from Royal Warrant Holder Thomas Fattorini Ltd, who also designed the University's mace, the new ceremonial badge has been crafted with care to reflect our updated branding, blending tradition with a new modern aesthetic which is reflective of our values and vision for the future. It will now be worn at all future Graduation ceremonies by the presiding Chair. The University is immensely grateful to Amanda for this generous gift and thanks her again for her service to the institution.

Special Awards

The Chapman Adkin Award

The Chapman Adkin award has been made available by two of the University's former academic staff. The prize was instituted to recognise the performance of those who have shown special enterprise in completing one of the University's programmes.

We are proud to present the award to **Mohammed Raza Amar Ghafoor** and **Valeshia Trimaine Matthews**.

The Peter Goodacre Award

Peter Goodacre studied at the former College of Estate Management (CEM), qualifying in 1968. He worked as a Quantity Surveyor in private practice before spending a year at the University of Loughborough where he completed a MSc in Construction. He joined the teaching staff at CEM in 1970, became Vice Principal in 1984 and Principal in 1992. During his time, he saw the college move into distance learning. At the time of his departure in 2007, the college had grown significantly in its international work and was operating in 80 countries with around 4000 students. Peter Goodacre was a University Honorary Fellow.

The Peter Goodacre Award, inaugurated at the June 2018 Graduation Ceremony, recognises the contributions made by a true ambassador of the University. The award is made for the best overall performance across all programmes.

We are proud to present the award to **Ellie Grace Nickols**.

The Sustainability Research Prize

Previously named the Responsible Futures Prize, the Sustainability Research Prize recognises outstanding and collegiate contributions to sustainability research through the students' final-year projects and their collaboration during their studies.

We are able to present this award thanks to the generosity of some of our Honorary Fellows.

We are proud to present the award to **Alfred James Carrington, Tammy Grey, Jessica Neath and Asad Raja**.

Honorary Fellows

The University Honorary Fellowship scheme was introduced in 1977 by the Board of Trustees.

In March 2019, as part of the Centenary celebrations, an Associate Fellowship scheme was introduced to acknowledge those who have made an active contribution to the work of the University during their studies.

An Honorary Fellowship is a highly prestigious award which the University can grant on an annual basis to distinguished individuals who have given service or made an exceptional contribution in support of the institution.

Honorary Fellowships have been awarded for over 40 years. The University maintains links with its Honorary Fellows and the annual Honorary Fellows' dinner is one of the highlights of the year.

Today, University of the Built Environment is pleased to award Honorary Fellowships to:

Amanda Clack BSc MSc Dr. (hc) PPRICS FRICS FICE FAPM FRSA FIC CCMI CMC

Regional CEO, International, HKA

Amanda Clack is a globally recognised leader in the built environment with 40 years of experience. She is the Regional CEO International at HKA, where she leads leading one of the world's foremost consultancies in risk mitigation, expert services and dispute resolution.

Previously Amanda was on the Board at CBRE and a Partner at EY and PwC, where she built a distinguished career leading large-scale transformation in FTSE businesses and government. She was a Non-Executive Board Member at Countryside Partnerships.

Amanda's contributions are widely recognised, including two honorary doctorates and a Success in Business Award. She is a past global President of RICS and chairs the Dispute Resolution Appointments Board. She is a published author and is a passionate advocate for diversity, leadership and sustainable growth across the sector.

Until 2025, Amanda was Chair of the Board of Trustees at University of the Built Environment (formerly UCEM) and Trustee for 6 years.

Dr Stephen Jackson

Former Director of Quality Assurance, Quality Assurance Agency

Dr. Jackson is an international consultant in quality and standards in higher education. He has retired from the Quality Assurance Agency (QAA) in the UK where he was the Director of Quality Assurance. He had responsibility for the periodic review of higher education institutions and played a key role in the development of QAA's oversight and of trans-national education. He has been involved in several international projects and has advised governments and quality agencies on the development of quality assurance systems. He currently has commitments as a reviewer for the European Association for Quality Assurance in Higher Education and as a member of the Universities Quality Assurance International Board in Dubai.

He joined the Board of the University (UCEM at the time) in 2016 and served as the first Vice Chair of the Board and as Chair of both the Audit and Risk Committee and the Academic Review Committee. He completed his term of office in March 2025.

Alastair Martin CVO DL FRICS FAAV

Chief Executive and Clerk of the Council, The Duchy of Lancaster

Alastair is a Fellow of the Royal Institution of Chartered Surveyors (RICS) having graduated from the Royal Agricultural College in 1982. He qualified with Strutt & Parker and spent much of his career in private practice with Alder King and then, as result of mergers, with Dreweatt Neate and then Carter Jonas. His professional practice centred on estate management, initially in the rural sector but then management and strategic advice for diversified portfolios.

In 2013 he became The Secretary and Keeper of the Records of The Duchy of Cornwall, and then with the accession of His Majesty to the crown in 2022, Alastair followed to become Clerk of the Council and Chief Executive, Keeper of the Records and Surveyor General of the Duchy of Lancaster in 2024.

Alastair was President of the Rural Practice Division of the RICS and served for many years on Governing Council, also chairing the Faculties and Forums Board and the Strategy and Resources Board. As well as running the Duchy of Lancaster Alastair is a trustee of several estates from the South West of England up to the Scottish Highlands. He was a Trustee of the University (UCEM at the time) from 2017 – 2023.

Professor Kenny Miller LLB LLM PhD FRSA FIOSH

Professor Emeritus of Law, University of Strathclyde Glasgow

Kenneth Miller is Professor Emeritus of the University of Strathclyde and a former Vice Principal. He was Professor of Employment Law until his retirement and has written books and articles on Employment Law and Health and Safety Law. He was a General Editor of the 25 volume Stair Memorial Encyclopaedia of the Laws of Scotland and was joint editor of the Juridical Review. He served on the Court of the University of the Highlands and Islands and was a member of the Advisory Committee on Degree Awarding Powers.

He is a former Deputy Chair of the Central Arbitration Committee and is proud to have served as a Trustee of the University (UCEM at the time) for nine years.

Honorary Fellows

Professor Nick Morton BSocSci (Hons) PGCert(ed) PhD FRICS PFHEA NTF

Director of Partnerships and STEAM, Birmingham City University

Professor Nick Morton is Academic Director of Partnerships and STEAM at Birmingham City University. He is responsible for driving interdisciplinary STEAM education, with a particular focus on partnerships across the university, and has 18 years of senior leadership experience in UK higher education. Until 2025 he was Deputy Dean, previously Associate Dean, in Computing, Engineering and Built Environment. Prior to that, he was Head of Birmingham School of Built Environment.

Nick has an international leadership profile in built environment academia, twice elected European Director of Associated Schools of Construction and a current Executive, former Vice-Chair, of Council of Heads of Built Environment (CHOBE). He is a Fellow of RICS and proud award-holder of the leading UK benchmarks of esteem in learning and teaching: National Teaching Fellow, Principal Fellow, and CATE (Collaborative Award for Teaching Excellence). In 2023, he became the first Secretary of CATE-Net, emphasising his enduring commitment to collaborative innovation in education.

Cr Sr Tang Chi Wang BSc(Hons) LLB(Hons) DipArb MPA FHKIS FHKICM FIIE FCIArb FHKIArb

Founder and Executive Director, ADWISE Building Consultancy Limited
Co-founder, The Argent Group

Cr Sr Tang completed a Diploma in Arbitration at the College of Estate Management (CEM), now University of the Built Environment. He is the Founder and Executive Director of ADWISE Building Consultancy Limited, which provides building consultancy, expert witness and alternative dispute resolution services in Hong Kong.

Over the years, he has served the community through active participation on various boards and committees. He currently serves as Chairman of Hong Kong Lo Pan Kwong Yuet Tong and Chairman of the Building, Civil Engineering and Built Environment Training Board of the Vocational Training Council. He is also Honorary President of The Hong Kong Institute of Construction Managers, an Invited Member of the Guangdong Provincial Association for Science & Technology, a Member of the Area Committee (Kowloon City District) of the Home and Youth Affairs Bureau, and a Member of the Management Committee of the Hong Kong Institute of Construction under the Construction Industry Council.

Cr Sr Tang received The Secretary for Home and Youth Affairs' Commendation Scheme Award in 2024 and was awarded SDGs Leader of United Nations Sustainable Development Goals (UNSDG) Achievement Awards Hong Kong in 2025.

Student Representatives

Student voice is integral to our community. Our Student Representatives act as a bridge between students and staff, ensuring that all students are consulted throughout their journey. This allows us to act on feedback and create positive change for the whole student community. Student representatives work in partnership with the University to develop the learning experience and contribute to decision-making for academic quality and standards.

Our student representatives have reviewed suggestions, discussed with students, and supported projects such as reducing the clash of assessment deadlines, communicating more information about our Disability and Welfare service, extending access to previous modules, and creating more opportunities for academic support.

We would like to thank all student representatives for their commitment to representing the student voice. Your passion has enhanced the student experience for the current and future student body.

Careers and employability

The Careers Service continues to support you long after graduation, offering free and confidential guidance to help you take your next steps. As part of our alumni community, you'll also have opportunities to give back by mentoring current students and sharing your professional experience.

After updating your details on Careers Connect, you can access personalised careers advice for up to three years and explore new job opportunities through both Careers Connect and our Global Community alumni platform. Alumni are also invited to promote their vacancies to current students, take part in mentoring programmes, speak at careers events such as the University's Women's Network, or even become a school governor through our partnership with Governors for Schools.

You'll also be asked to complete the National Graduate Outcomes Survey 18 months after finishing your course.

If you have any questions or would like to get involved, please contact us at careers@ube.ac.uk.

Global Community

Your alumni association

As you head into the next chapter of your journey, we would love for you to stay connected with us. As a University of the Built Environment graduate, you are invited to join Global Community, our exclusive online space for alumni.

Global Community brings together graduates from around the world, offering a platform to network and stay engaged. By joining, you will be able to:

- Connect with fellow alumni, from a range of industries and regions
- Build or receive mentoring support to enhance your professional development
- Discover job opportunities and share career successes
- Access photos from our events and graduations
- Receive updates and announcement from the University

By joining Global Community, you will also become part of our Alumni Association, giving you access to exclusive networking events, CPD opportunities and discounts, career services, and postgraduate study discounts.

For more information, please contact the Alumni Relations Team - alumni@ube.ac.uk.

You now join a thriving community of likeminded alumni, shaping the future of the built environment. We can't wait to see what you do next and hope to keep celebrating your successes along the way!

Through the decades

1919

The institution was founded as The College of Estate Management (CEM) – a non-profitmaking body with temporary headquarters at 34 Russell Square, London on 22 December.

1922

That same year, CEM purchased 35 Lincoln's Inn Fields – its original home. CEM had its Royal Charter granted.

1928

Coat of Arms approved

1959

CEM developed its own diplomas in estate management and quantity surveying.

1967

CEM left London for Reading when it became associated with the University of Reading. The arrangement between the two institutions saw CEM's full-time students become part of the University of Reading whilst correspondence students remained part of the college.

1977

Her Majesty Queen Elizabeth II became Patron of CEM – a role she relinquished in 1998 due to other commitments and recommended that the Former Prince of Wales take her place, which he duly did.

1987

The College Property Award, which is awarded to an individual or organisation who/which has made an outstanding contribution to the property sector, was inaugurated.

2001

The institution made its first leap into the online world when it launched the first College Virtual Learning Environment (VLE) to provide programme materials electronically.

2013

CEM gained Taught Degree Awarding Powers.

2015

CEM achieved University College title.

2016

University College of Estate Management (UCEM) departed the University of Reading campus, moving to its Horizons office in the centre of Reading.

2022

In September, UCEM gained Indefinite Degree Awarding Powers. This follows a decade of UCEM being awarded Taught Degree Awarding Powers which were renewable on a six-yearly basis. This latest milestone paves the way for UCEM to apply for full university title.

2024

In May, UCEM was honoured to be informed that His Majesty King Charles III will continue his Patronage of the institution. His Majesty King Charles III (then HRH The Prince of Wales) became Patron in 1998 following ten years as President of the then CEM from 1988.

2025

The University announced a successful strategic merger with the London School of Architecture.

2025

In June 2025, the University changed its name to University of the Built Environment. This marks an exciting future for the University as it continues to strive towards its vision of becoming the centre of excellence for built environment education.

Our heritage

Did you know?

Former Prime Minister, Neville Chamberlain (then the Minister of Health), opened a new wing accommodating lecture halls and administrative offices at CEM's Lincoln's Inn Fields base in 1927.

During the Second World War, The College of Estate Management was active in its provision of education to those on the front line.

At the end of 1940, the College volunteered to take part in a scheme inaugurated by the War Office for the supply of vocational training courses to those serving in the Armed Forces. A total of 13,283 servicemen received this support from CEM by 1945, with the scheme extending to the British North African and Central Mediterranean Forces and those serving in India and the Far East.

CEM course materials were sent free of charge to British prisoners of war in Germany, with the help of the British Red Cross and many returning prisoners of war expressed their gratitude for this service.

Provision was made in 1943 for supplying a course in elementary agriculture to members of the Women's Land Army, with a peak of 1,275 students taking this course.

A lamp from one of the institution's early premises, St Alban's Grove, has been erected on the outdoor decking at the University's Horizons office. The institution moved into St Alban's Grove after its original home at Lincoln's Inn Fields was bombed during the Second World War, and the lamp also had a residence at the University of Reading when the institution was located there.

Students raised funds for a portrait to be painted of the institution's first Principal, Richard Parry, upon his retirement in 1923 – a catalyst for the tradition of organising a painting of the Principal upon their retirement that has remained ever since. All portraits of previous Principals are located at the University's Horizons office.

The former Prince of Wales (King Charles III) visited the institution's premises at the University of Reading in 1995 and Horizons in 2019.

As of 9 June 2025, the University College of Estate Management (UCEM) officially became known as University of the Built Environment.

Acknowledgements

University of the Built Environment would like to thank Jane Fawkes, Deputy Vice Chancellor and University Secretary, for being the Master of Ceremonies on this special occasion.
